Center of North Carolina

PREFACE

ASHEBORO CHAMBER OF COMMERCE

By

REV. J. E. PRITCHARD

Member Publicity Committee

Asheboro, the seat of Randolph County, is located in the Piedmont section of North Carolina and is near if not the exact geographical center of the state. It is about 180 miles east of Asheville, and is approximately the same number of miles northwest of Wilmington. It is 26 miles south of Greensboro and 56 miles north of Pinehurst, the famous winter resort. The elevation of the city is about 850 feet above sea level. The heart of the business district is on the highest point between two important water sheds, which furnish the city adequate drainage with no danger of floods. The mean temperature for Asheboro, according to complete weather records kept over a period of 21 years, is 60.3 degrees. Zero temperatures are exceedingly rare and 100 degree temperatures have been recorded only a very few times at the Weather Bureau. The normal annual rainfall is 46.48 inches. During the year 1946, there were 164 days that were classified as clear, 126 partly cloudy and only 75 cloudy.

Asheboro is located in what is known as the Uwharrie Mountain range and from almost any place in the city, beautiful small mountains several hundred feet high can be seen. These unfold a variety of beautiful scenery from every highway in the county.

POPULATION

Asheboro has long been known as the city that doubles its population every ten years. The 1940 Federal Census gave Asheboro a population of 6,981—(1947 City Directory population—9,712). With the enlargement of so many of the large industrial plants and building of new ones, as well as the construction of many new homes, it is safe to say that the 1950 census will give Asheboro proper a population of 15,000 and greater Asheboro a population of 20,000.

GOVERNMENT

Asheboro is governed by a Mayor and five commissioners elected every two years. Their policies are executed by a City Manager.

MANUFACTURING

Asheboro is an ideal location for manufacturing plants since the town is centrally located in relation to other manufacturing centers in

PREFACE (Cont.)

(Continued from Page 7)

the state. Asheboro industries include some of the largest hosiery mills in the state, furniture factories, chair factories, silk mills, knitwear mills, flour mills, lumber plants, box manufacturing plants, excelsior plants, freezer locker plant, iron foundry, bed spread manufacturing plants and many other smaller industries, including the making of neckties, handkerchiefs ,etc.

PUBLIC UTILITIES

Asheboro is served with electricity for lighting and power by the Carolina Power and Light Co., whose distributing system covers the entire city and surrounding communities as well as a number of other cities in the state. The REA also serves Randolph county through the Randolph Electric Membership Corp. For the past several years, water has been pumped into the city from three lakes. However, within the past two years, a huge dam has been constructed across Back Creek about four miles west of the city and 1,453,000,000 gallons of water has been impounded which will be a sufficient volume to serve a city of 70,000 population. This will guarantee an ample supply of water for all purposes for many years to come.

Telephone service is furnished by the Central Telephone Co., one of the large independent companies in the country. Telegraph service is rendered by the Western Union Company.

Asheboro is served by two railroads—the High Point, Randleman, Asheboro and Southern Railway connecting with the Southern's main line in High Point, and by the Norfolk Southern Railway, connecting with the main line of the Seaboard Air Line at Aberdeen.

Asheboro is also served by several bus lines, both local and long distance.

Five U. S. and state highways converge in Asheboro furnishing ample facilities for travel in all directions.

FINANCIAL FACILITIES

Asheboro has two strong banks, the First National and the Bank of Randolph. The combined resources of these two banks amount to $13,000,000. Two building and loan associations are adequately equipped to finance all building projects.

EDUCATION AND RELIGION

Asheboro has an accredited public school system for both white and colored children. Asheboro also has a state wide reputation for its moral and religious standing. The following denominations have congregations here: Baptist, Methodist, Presbyterian, Congregational Christian, Holiness, Friends, Protestant Episcopal, Evangelical and Reformed, Lutheran and the Church of God.

RECREATION AND SPORTS

Asheboro is fast becoming a Sports Center. The Kiwanis Club Horse Show and the State Semi-Pro Baseball Tournament bring thousands of

(Continued on Page 10)

PREFACE (Cont.)

(Continued from Page 9)

visitors to Asheboro annually. There is a nine hole public golf course and Lindley Athletic Field is one of the best lighted fields in the state. The city also has a community gymnasium in which basketball games are played by practically all the college teams of the state. The McCrary Eagles and Lucas Industries each put on the court fast competition for the collegiate quintets.

The latest addition to Asheboro's recreation program is the Asheboro Memorial Foundation, Inc. This organization has received in cash and pledges more than $110,000 for the purpose of building a large swimming pool, bath houses and an auditorium. When this work is finished, there will also be various athletic fields at the Foundation's park site in the heart of the city.

CIVIC AND FRATENAL ORGANIZATIONS

Asheboro's civic spirit is shown best in its variety of civic and fraternal organizations, which include Rotary Club, Kiwanis Club, Lions Club, Business and Professional Women's Club, Retail Merchant's Association, Woman's Club, Sorosis Club, Elks Lodge 1694, American Legion, Dixon Post 45, Veterans of Foreign Wars, Randolph Cotillion Club, Masonic Order, Chamber of Commerce, and Graduate Nurses Association. All of these furnish opportunity for social and fraternal contacts which add to the joy of living in Asheboro.

THE RANDOLPH HOSPITAL, INC.

Asheboro is exceedingly fortunate in having within its borders the Randolph Hospital, Inc. The first unit of this modern hospital was built in 1931 and was opened in 1932. Since then it has been enlarged twice and plans have already been made for another addition. The present plant houses ninety-six regular beds and twenty-four bassinettes. A beautiful Solarium for convalescents has been erected on the hospital's roof. This hospital has the most modern equipment and is manned by a most competent staff of experts in the medical profession. Graduate nurses are used in all of the departments and these are assisted by competent nurses' aids. A beautiful home for nurses is located on the grounds near the hospital. The Nurses' Home and the Hospital are constructed of the same kind of material and the architectural design is such as to make it certain that both plants are a part of a general plan to give harmony and beauty to the entire institution.

While a majority of the patients come from Asheboro and Randolph County, an increasing number of patients are being admitted from other counties and even from out of the state.

For further information concerning Asheboro and Randolph County please write.

Street Directory
—OF—
ASHEBORO, N. C.

GIVING NAMES OF HOUSEHOLDERS, THE NUMBER OF OCCUPANTS IN EACH HOUSE, AND DENOTING BUSINESS PLACES

VOL. IV 1947-1948 VOL. IV

NOTE—Streets are arranged in alphabetical order. All house numbers are arranged numerically following the description and location of each street, giving the name of householder. The number in parenthesis after name denotes number of occupants in each house.

Dash (—) before name denotes that number is wanting.

(◉)—Before name denotes home-owner.

(*)—Purpose of star (*) in front of name is generally used to denote colored person or firm, but its use is so varied that we assume no responsibility for errors or the wrong use of same.
